For: Easily Constructable and
Collapsible Portable Tents)

RECEIVED

JUN 28 2002

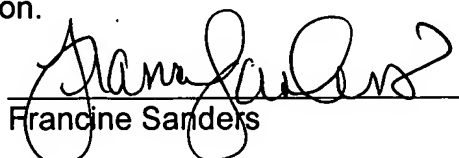

OFFICE OF PETITIONS

DECLARATION UNDER 37 CFR § 1.182

I, Francine Sanders do hereby declare as follows:

1. I am employed by the law firm of Stout, Uxa, Buyan and Mullins, LLP and personally copied and mailed the application papers to the USPTO in relation to the above identified patent application. In accordance with my standard procedure I photocopied the application papers exactly as mailed to the United States Patent and Trademark Office, and retained such copy in our office file.
2. The file retention photocopy of the application papers that were filed on March 5, 2002 does include a copy of the final page of drawings, Figures 13-14. A true and exact copy of the drawings for this application, as retained in our office files, is appended hereto as Exhibit A.
3. After examining the case file and conferring with Mr. Buyan, the filing attorney, I recollect that Figures 13 and 14 were added in a last minute change to the application. However, I note that the transmittal paper and certificate of mailing which accompanied the application were not updated to reflect the addition of Figures 13 and 14. Thus, the transmittal paper incorrectly states that "6 sheets of drawings (Figs. 1-12)" were enclosed rather than the seven sheets of drawings (Figs 1-14) which were actually enclosed.

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this application and any patent issuing thereon.

Francine Sanders
